

Carey Glen
B.S.W, S.S.W

Carey is currently employed at Community Services Coordination Network, supporting and planning with families in a variety of roles (WrapAround Facilitator, Facilitator of Family Meetings, Complex Special Needs Service Coordinator, FGC coordinator). Carey has been practicing FGC since April 2008.

Carey believes FGC provides families and services providers an opportunity to communicate more openly. What she enjoys most about FGC is widening the circle and providing an opportunity for families to come together and plan for children.
